David & Bathsheba

David was King of Israel. God had always loved him and taken care of him. David got everything he wanted.

One day, he decided he wanted a woman. Her name was Bathsheba. But she was married to another man.

David didn't care. He found a way to get Bathsheba's husband killed. Then he married her.

God was angry. David had everything he wanted, but it wasn't enough for him—he was greedy and selfish. God sent Nathan to tell David how angry God was.

David thought about what he had done. He knew it was truly terrible. No wonder God was so angry!

David felt awful. He promised he would never do such horrible things again.

God's anger didn't last forever. God forgave David for what he had done.
